SPECIAL PEOPLE  
 SPECIAL PLACES

Southern Africa with its cultural richness and abundant wildlife is an adventurers dream. With much of the landscape, climate, language, customs similar to Australia is a very easy country to visit.

[www.zambezi.com](http://www.zambezi.com) offers a range of activities in the Victoria Falls area; with good connections to Australia via Johannesburg and this makes a good base, to visit many of Southern Africa's natural wonders.

### *Postcard from the Africa:*

To have a herd of Elephants cross the road in front of your eyes is just awesome. I think this is what makes Africa so special for me, in a similar way Kangaroos are so natural for Australians.

We took the opportunity to stay over in Victoria Falls for 8 Days, to break the journey to Europe. I was fortunate to have had 2 months in Southern Africa previously, and very much wanted to share my previous experience.

We chose a specific location because of our limited time, with Victoria Falls offering access to a selection of game parks and activities, as well as being a truly inspiring place, where you can sit for hours listening to the thunderous roar of the falls.

We had three days in Hwange National Park (Zimbabwe), with its vast herds of elephant, buffalo, and zebra including a very large concentration of giraffe. Then two Days in Chobe National Park, (Botswana) having one of the greatest concentrations of game found on the African continent.

To add to this a little adventure when we rafted the Zambezi, an experience well remembered. I think I spent more time in the water than the raft, although I found shearwater adventures very professional.

I will again return to Africa sometime soon. SM
